Sustainable Development Goals VI
Executive summary VII

Chapter I
Global economic outlook 1

Global growth prospects 1
The growth outlook in a pandemic world 1
Inequality between countries is widening 3
The pandemic is far from over 5
Vaccine inequities remain a formidable challenge 6
Rising inflation is emerging as a new risk 8
Employment, poverty and inequality 9
Labour markets are lagging 9
Poverty to remain at a decade high amid rising inequalities 14
International trade, investment and financial markets 18
Demand recovery has buoyed international trade and commodity prices 18
Global investment rebounds but structural challenges lie ahead 27
Global financial conditions remain highly accommodative 29
A changing policy landscape 33
Fiscal asymmetries are shaping recovery and development prospects 33
Gearing up labour market policies and social protection 38
Monetary policy: overcoming the addiction to easy money 40
Multilateralism in a world of crises 42

Chapter II
The monetary policy response to COVID-19: direct impacts and spillovers 47

The global monetary response to COVID-19 47
Interest rate measures and reserve policies 48
Expanded lending and foreign exchange operations 49
Forward guidance and asset purchase programmes 50

Page

Central banks' large-scale asset purchase programmes 51
Mechanism and transmission channels 51
Asset purchase programmes in developed economies: the trillion-dollar bazooka . . 53
Asset purchase programmes in developing countries: a paradigm shift in monetary policy? 55
Have asset purchase programmes met their objectives? 56
Stabilizing markets during financial turmoil 56
Fostering economic recovery 59
Providing longer-term support to economic growth 60
Side effects and risks of large-scale asset purchase programmes 63
Macroeconomic effects 64
Distributional effects: making the rich richer? 72
Spillover effects on developing countries 76
The bumpy road ahead: looking beyond asset purchase programmes 78
Challenges in unwinding unconventional monetary policies 78
The need for complementary policies 80

Chapter III
Regional developments and outlook 82

Developed economies 83
United States 83
Japan 85
Australia 87
Europe 87
Economies in transition 95
Commonwealth of Independent States and Georgia 95
South-Eastern Europe 100
Developing economies 103
Africa 103
East Asia 115
South Asia 127
Western Asia 133
Latin America and the Caribbean 139
